

Growing the Guitar... One Classroom at a Time!

The Music Industries Association of Canada (MIAC) and the Canadian Music Educators' Association (CMEA) are pleased to present a two-day "Guitar Symposium", sponsored by GAMA for Educators at the MIAC 2008 Show scheduled to take place **August 24-25, 2008** at the International Centre, Mississauga, Ontario.

MIAC 2008, is Canada's Largest Music Products Show that provides manufacturers and distributors of musical instruments, print music, accessories and hardware, parts and components, repair and tuning equipment, music related computer hardware and software services, associations and media the opportunity to meet face to face with retail dealers, instrument importers, distributors, music schools & academics, orchestras, musicians, industry partners and educators over a two-day period.

Sunday, August 24, 2008

Get Guitar in Your School – Growing the Guitar One Classroom at a Time
3:00 p.m. – 4:30 p.m.,

This symposium for educators will address the benefits, advocating, integration, ensembles and the long term growth and sustainability of guitar programs.

Monday, August 25, 2008

Get Guitar in Your School – Guitar Resources and Equipment Management
3:00 p.m. – 4:30 p.m.,

This symposium for educators will address instrument selection, method books, equipment management, accessories, how to integrate technology and build a guitar music library.

At MIAC 2008 Music Educators' will:

- Attend the MIAC Show Free of Charge
- Enjoy Toronto and the MIAC Show as a vacation destination
- Attend the Guitar Symposium Free of Charge to help you prepare for September
- Dialogue with manufacturers about the products you are using in your classroom
- Network with MIAC Members!

Both sessions will be led by Bob Denny, Head of Fine Arts & Technology, John McCrae Secondary School located in Ottawa. Bob is the Canadian representative and clinician for teaching guitar workshops.
